

## 2026 Candidate Questionnaire

**Candidate Name:** Victor Allen Giudice

**Position:** Member of the House of Representatives

**District:** 1

---

**What drives you to seek this position and what strengths do you have that make you uniquely qualified?**

When good men do nothing evil prevails. Being in touch with the struggles and concerns of the people one represents is paramount. I bring compassion, empathy, faith, a strong work ethic, and exemplary problem solving skills.

**Policymakers face difficult decisions that at times present conflicts between their personal values, constituents' competing concerns, and their chances to stay in power: what would you do in such situations?**

I would put my personal feelings aside and do what's right.

**As a member of the Democratic Party representing constituents in Congress, what would you do to address the impact of Project 2025 policies? Please include your plans regarding the gutting of lawfully allocated funds to programs and agencies through presidential recission and the firing of unionized federal employees without due process.**

The actions of the current administration will be felt for years after they have been removed from power. I am reminded of the post-Soviet Russian era of de-Stalinization that occurred to help the Russian people heal from many years of cruel oppression. We will have to go through a similar process of reversing policies, removing of symbols, and the seeking of justice.

**What is your position on support for Ukraine?**

The war in Ukraine is a proxy war for control of oil and resources that we can not afford to lose.

**What legislation would you champion to address immigration reform? What do you think is wrong (or not) with the current way immigration is being handled? Which specific civil rights of immigrants need to be protected?**

We must abolish ICE. The rights outlined in the Constitution apply to all persons within the bounds of the United States of America.

**How would you address threats from the federal government to cut funds to rebuild the Key Bridge?**

This question refers to the Federal Government when it should read President Trump. The threats in question have no legal standing.
